Most Trusted & Guaranteed Steel Products

INTRODUCTION

ABOUT

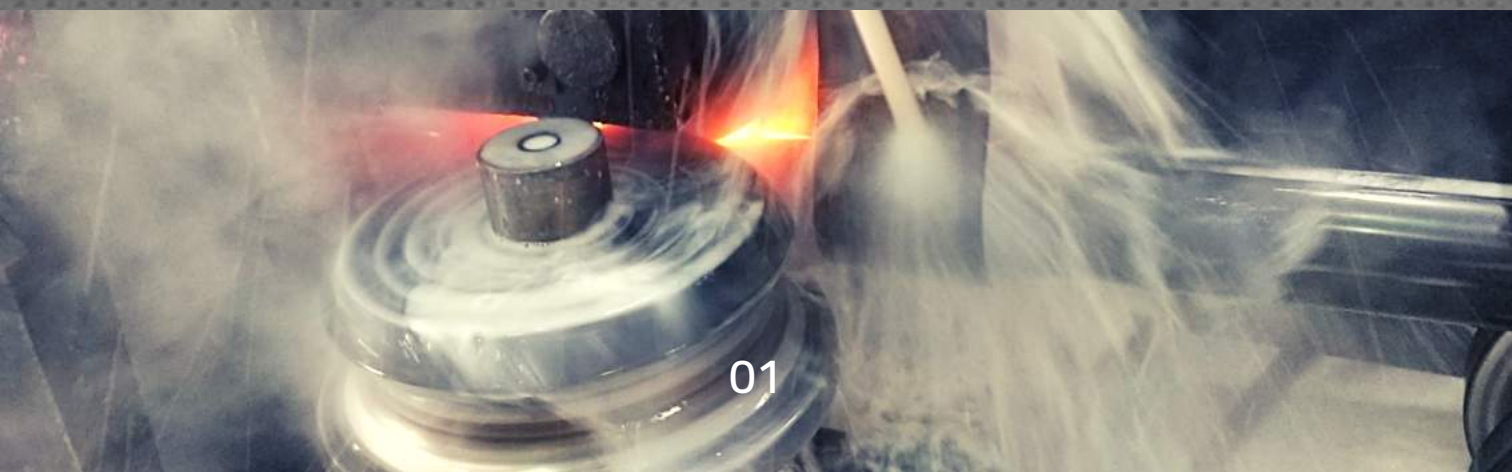

Alex Steel Industries is originally an Egyptian based company, established in the year 1978. It has been ranked as one of the best 5 trading companies in the field of Billets, Rebars, Tube and Pipes.

OUR TEAM

Lead by a team of experienced and skilled Professionals Alex Steel Industries has one of the best work force in the Steel Tube and Pipe Industry. Our team carries a vast experience with them and have made Alex Steel Industries grow and establish a name in the market place for its Quality and timely deliveries.

OUR AIM

Our main aim is to deliver the best quality of products to our customers with the best competitive price in the market with an on-time delivery services.

ASI

Alex Steel Industries is strategically located in Al Hamra Industrial Zone, Ras Al Khaimah and spread over an area of 20,000 sq. meters, built on a solid partnership with the customers since 1978 associate with our Group of Companies. It is our goal to provide to our customers the exceptional quality and reliable services. Our long-term customer relationships are the result of providing quality products and unbeaten services at a competitive price.

OUR CORPORATE PHILOSOPHY

- To supply quality products at best possible price and achieve total customer satisfaction.
- Keep up to date with customer requirements and explore diversifying markets.
- Continual improvement In development and technology for better products and services.
- Constant monitoring of our strengths and weaknesses.

CERTIFICATION

MANAGEMENT SYSTEM

ISO 9001:2015
Accredited facility.

ISO14001:2015 & OHSAS18001:2007:
Being an environmentally responsible production entity, our business activities are in compliance with Environmental Management System.

CE

EN10219-1:2006
For Cold Form Welded Structural Hollow Section for Non-Alloy Steel.

EN10255:2004 +A1:20017
For Non-Alloy Steel Pipes and Tubes suitable for welding and threading applications.

OUR FACILITIES

Besides the numerous quality assurance measures during the manufacturing process and at various inspection stages, the below mentioned equipment are available to ensure stringent quality standards

SLITTING LINE

PIPEMILL LINE

THREAD ROLLING LINE

DIP PAINTING LINE

MECHANICAL TESTING LAB

Certificate of Compliance

This is to certify that the technical documentation for the following products

Cold Formed Welded Structural Hollow Sections of Non-Alloy and Fine Grain Steels

Manufactured, Supplied and Marketed by

Alex Steel Industries LLC

Site: Plot No. 114G, Al Hamra Industrial Zone-NFZ, P.O. Box 85778, RAK, UAE

complies with the requirements applicable to it. The factory production control and technical documentation has been reviewed and found to comply with

EN 10219-1:2006

and Construction Products Regulation or CPR (EU) 305/2011 as declared by organization on Declaration of Conformity and MTC.

The product description, documents, assessment procedures and evaluations of the examination are presented in the Technical Construction File (TCF) retained at manufacturer's place.

This Certificate is issued under the following conditions:

- 1. The Certificate validity is conditioned by the positive results of the annual surveillance audit and certificate is reissued after each surveillance audit.
- 2. The Certificate remains valid until the manufacturing conditions, the quality systems or relevant legislation are changed.
- 3. Any significant changes in the design or process used to manufacture the product / equipment or revision to the directive/s or standard/s referred above may render this certificate invalid.
- 4. After fulfilling the relevant EU legislation requirements, the manufacture shall affix to each product of the above referenced models, CE- marking according to the following example

This Certificate of compliance is for the exclusive use of ECA's client and is provided pursuant to the agreement between ECA and its Client. ECA's responsibility and liability are limited to the terms and conditions of the agreement. ECA assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Certificate of compliance. Only the Client is authorized to permit copying or distribution of this Certificate of compliance. Any use of the ECA name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by ECA. As applicable, the observations and test/inspection results referenced in this Certificate of compliance are relevant only to the sample tested/inspected.

Signed by : Tech. Manager
Cert. No. : CE/1152/19/02
First Issue Date : 02/09/2019
Issue Date : 02/09/2019
Validity : 3 Years

RAW MATERIALS

HRC:

Hot Rolled Premium Quality coils are sourced from major steel producers all over the world, we procure and stock HRC in various thicknesses to cater to the Standard requirement and also as per customer's specific requests.

Galvanized Coils:

We stock Galvanized Coils in various thickness and Zinc coating to specifically satisfy our customer's requirements.

APPLICATION

- Building Construction
- Construction of Bridges
- Fencing
- Electrical Conduits
- Furniture
- Ship Building Yards
- Hand Railing & Structural
- Tubular Poles
- Industrial Structure
- General Purpose
